Guastavino's
New York City

Bridging Innovation & Patient Outcomes Through Safe & Efficient Distribution Solutions

Help support the IFPW Foundation through sponsorship of its 2020 Fundraising Event on May 21, 2020 at Guastavino's (located under the iconic Queensboro Bridge in New York City) as we raise critical funds to...

- ◆ Expand awareness of and familiarity with global health agendas, priorities and entities; creating opportunities to directly participate in important global health initiatives.
- ◆ Represent the global pharmaceutical distribution sector within the global health community, as well as raise awareness around the industry's capabilities and current contributions to Global Health
- ◆ Support the scaling and delivery of Gavi's STEP leadership course and continue the important work of the Fight the Fakes campaign against falsified medicines and substandard medical products.

Proceeds will support the continuation of global efforts by the IFPW Foundation to improve access to safe and effective medicines and vaccines, through our existing and new partners.
